James H. Collins

Principal

Greetings to LHS Students:

It has been a pleasure to work with the fine students of Lyons High School during this school year. It is always a pleasure to see students attain their many ambitions through hard work and cooperation with their classmates and teachers.

I feel that each of you has aspired to make the most of each new day and to work for those causes in which you have believed. You have had the aspiration to discover the greatness within yourself that you have never had the time to develop before. I hope that each of you also aspires to be an inspiration to others.

To the Seniors I would like to say that the future is yours and you must decide what you will make of it. I would like to urge each member of the Senior Class to continue your education. Graduation should not mean an end to your education - but rather a beginning for greater improvement. It has been said that it is what you learn after you know it all that really counts.

To the Mastiff Staff, I want to say "Thanks" for a job well done. I am sure this Annual will provide a source of enjoyment for each of you and your parents, as for all of us, in the years to come.

Scholastic Awards

SEATED, L-R: Barbara Youmans, Janice Joyner, Gail Mayes, Cynthia Wilkes, Kathy McArthur. STANDING, L-R: Jane Harper, Janice Meeks, Ray Brown, Debbie Braziel, Elizabeth Akins.

Each year the Parent Teacher Association presents awards in recognition of academic excellence. The recipients are those seniors who have earned a 90 or above average during their four years of high school or who are in the top ten per cent of their class, whichever number is greater.

Outstanding Students In Diversified Cooperative Training

I, as the instructor in the DCT program and VICA Advisor, am pleased to announce my choice for the most outstanding students for the 1968-'69 term according to the regulations set down in the constitution.

Charles Youmans and Herman Meeks have been in the class for two years. Their quality of work has been most satisfactory. They have maintained an acceptable standard of work in class. They are active members in our club organization. As Lyons High School students, they are attractive in appearance, pleasant in association, and ardent in their desire to work.

I know that they best exemplify the attributes stated in the creed of the Lyons Chapter of VICA.

They believe:

In the American way of life;

In education for all;

In fair play - the essence of the Golden Rule;

And that the greatest happiness is derived from a
JOB WELL DONE.
