Dispatch is the Soul of Business

The Time Is Now

Read What the Bible Has to Say About It

¶ Get your Bible and turn to the 19th Chapter of Luke, 22nd and 23rd verses. You can see what became of the man who did not put his money in the Bank. Then go and get your money and put it in the FIRST NATIONAL BANK, because you run no risk. It costs you nothing, do it now.

¶ When your bills are due and when you see a good opportunity to make a good deal. When WANTS meet you in the road, you will not be like the man in Luke 19th, who did not put his money in the Bank. This man deserved the hard names he was called. Do not fail to read it.

L. O. BENTON, President.

W. O. DONOVAN, Vice-President.

W. R. MINTER, Cashier.

LOCATION.

Lyons High School is located in the beautiful town of Lyons, Georgia, which town is in the industrious and hustling capital of Toombs County, just 75 miles west from Savannah on the Seaboard Air Line Railway, and is connected with the Millen and Southwestern at Selma by the Garbutt & Donovan Railway. It lies in the very fertile and gently rolling lands of what was formerly Tattnall county and is backed up and supported by one of the finest sections in wire grass Georgia. There is more fine available farming lands and less waste land adjacent to Lyons than any town in the state. Besides, the farmers adjacent realize and appreciate the advantage of trading with its wide-awake merchants. The town and country join hands in promoting the prosperity of each other. Lyons is composed of clever, refined, cultured and Christian people; and, as the climate is mild and we have here the purest of artesian water, flowing from a well 450 feet deep, and there are no local causes for malaria or other diseases, health is as good as anywhere in Georgia.

Organization and Government of the School.

RULES AND REGULATIONS.

1. The school shall be divided into Primary, Intermediate, Grammar and High School Departments.
2. The Primary Department shall comprise three grades, the Intermediate two grades; Grammar two grades, and the High School three grades; and each grade shall correspond to one year.
3. The yearly session shall begin on the first Monday in September and continue for nine scholastic months. There shall be two weeks intermission at Christmas.
4. The holidays shall be Thanksgiving Day, Arbor Day, Robert E. Lee's birthday, Washington's birthday, and Memorial Day.
5. The Text Books and the Course of Study pursued shall be such only as are prescribed.

General Rules---Pupils.

1. Regular attendance is required of all pupils.
2. Pupils shall not be allowed to retain their connection with the school unless they be provided with books and other conveniences necessary for the prosecution of their studies, within a reasonable time.
3. Falsehood, profane and indecent language are positively prohibited.
4. Any pupil who shall leave school at any time during school hours, without the consent of the teacher, shall not be permitted to re-enter until a satisfactory excuse or apology has been rendered to the Principal.
5. Pupils must refrain from communication during school hours without permission, must be quiet and orderly at all times in the hall and rooms, must pay in full, within two weeks, all damage done to school property; must be responsible for the cleanliness of their desks, and books, and of the floor in their immediate vicinity.
6. No insubordination will be tolerated. At all times pupils must be respectful and obedient to every member of the faculty.
7. Pupils must present a written excuse for being absent from roll call or recitation. This excuse to be signed by parent or guardian.
8. Pupils shall comply with all rules and regulations of the school and submit to such penalties as may be prescribed for bad conduct.
9. Good work will be insisted upon at all times.
10. Loss of lesson by reason of tardiness must be made up after school hours, and delinquents in recitation must be kept in at the same time to make up deficiencies.
11. Pupils are required to be faithful in the discharge of their school duties; to attend to the lessons assigned them to be prepared at home; and in school to give constant and quiet attention to their own proper business.
12. This one great rule covers all others: "Do right."

Regulations---Teachers.

1. Teachers are requested to be in their respective rooms ten minutes before the beginning of the daily session.
2. In cases of absence or sickness they shall send timely notice thereof, to the Principal.
3. At the beginning of each term the teacher shall prepare a programme for daily recitations and exercises.

4. Teachers shall co-operate with the principal in maintaining order in the hall and on the play ground.

5. Teachers shall attend to the physical comfort and education of their pupils.

6. Teachers shall have jurisdiction over pupils other than their own when the teacher of such pupils is not present.

7. Teachers shall be held responsible for the neatness of their rooms, furniture and pupils.

8. Teachers shall be responsible for the government and discipline of their rooms—being prudent at all times, but firm and vigilant.

9. Teachers shall send a monthly report of the attendance, deportment and scholarship to the parent or guardian to be signed and returned to teacher on the day following.

10. Each teacher is expected to use his or her best energy and influence for the general advancement and welfare of the school.

Science—Bergen's Botany, Leconte's Geology.
French—Charden's First French Course.
Civics—Macev's Our Government.
Literature—Blaisdell's Authors; Readings from college
entrance requirements.

For all Grades.

The chief aim of the entire course of study is thoroughness. Unless there is a well-laid foundation an education in the truest sense cannot be built up. So no pupil will be allowed to rush through with their work and lay aside such studies as they dislike. Advancement to higher grades is conditioned upon satisfactory work in the preceeding grades.

Foremost in importance in the proper education of children are Writing, Spelling, Reading, and Arithmetic. These should be well and thoroughly taught.

Library.

Through the efforts of the teachers and pupils, together with the assistance of many of the patrons, there has been acquired a school library of over 300 volumes and are such as will give information on almost any subject. A great many of the works are standard. The pupils are encouraged to make free use of the library. No fee will be charged but pupils will be expected to pay for books that they abuse.

Expression.

The young lady in charge of this department comes to us highly recommended, having received her training in one of the best schools in Tennessee and at Chicago University. Expression, like all other branches of education, aims at the development of the individual life by awakening in the pupil a realization of her own powers and the training of these. A clear grasp and expression of the thought in an easy, natural, and graceful manner will be impressed upon the pupil.

Music.

Miss Lucile Vail, who has done such efficient work in this department for the past two years, will again have charge of it.

The study of music is not an amusement and requires earnest thought and close application to accomplish anything of real value. The course of study will be progressive and thorough. Strict attention is given to technical work. The main effort will be to train the pupils to become accomplished musicians.

Expenses.

Tuition will be as follows:

First and Second Grades, per month	- - - -	\$1.25.
Third and Fourth " " "	- - - -	1.50.
Fifth and Sixth " " "	- - - -	2.00.
Seventh, Eighth, Ninth & Tenth Grades per mo.	- - - -	2.50.
Music, - - - - -	- - - -	3.00.
" Two pupils from same family, - - - -	- - - -	5.00.
Elocution, - - - - -	- - - -	2.50.

Tuition for the Spring Term will be the same, less \$1.00 per month per pupil. In addition to the regular rates an incidental fee of 10 cts per pupil per month will be charged.

Board can be had in private families at reasonable rates. The Principal will take pleasure in assisting pupils to secure board.
